MAN SERVICECARE S: ALWAYS KEEP AN EYE ON COSTS.

Your free entry point into digital maintenance and repair management.

With digital maintenance and repair management – predictive planning and intelligent bundling of maintenance requirements – MAN ServiceCare S helps you ensure increased vehicle availability. You can view upcoming appointments, components in need of maintenance and damage reports sent via the MAN Driver app at any time. When maintenance is required, your MAN service outlet will get in touch with you to coordinate the workshop visit. In addition, in case of a breakdown, the nearest MAN service outlet can view the relevant vehicle details and give you even more targeted assistance.

Your benefits at a glance:

- **Increased vehicle availability** thanks to optimised maintenance status of your vehicles and improved maintenance planning
- **Time savings** thanks to outsourcing of the administrative burden to your MAN service outlet
- **The best possible care in case of a breakdown** thanks to location-independent vehicle diagnosis

The availability and scope of MAN ServiceCare S depends on the vehicle model.

MAN SERVICECARE M: THIS WAY, YOU ALWAYS STAY FLEXIBLE.

Your individual maintenance and repair management.

Thanks to the comprehensive maintenance information, you always have an detailed overview of the current condition of individual components, filling levels, brake pads and more with MAN ServiceCare M. When maintenance or repairs are due, you can decide whether you want to take care of them yourself or hand over the work to your MAN service outlet. Maintenance and repair management for individual components and vehicles from other manufacturers can also be taken care of with MAN ServiceCare M.

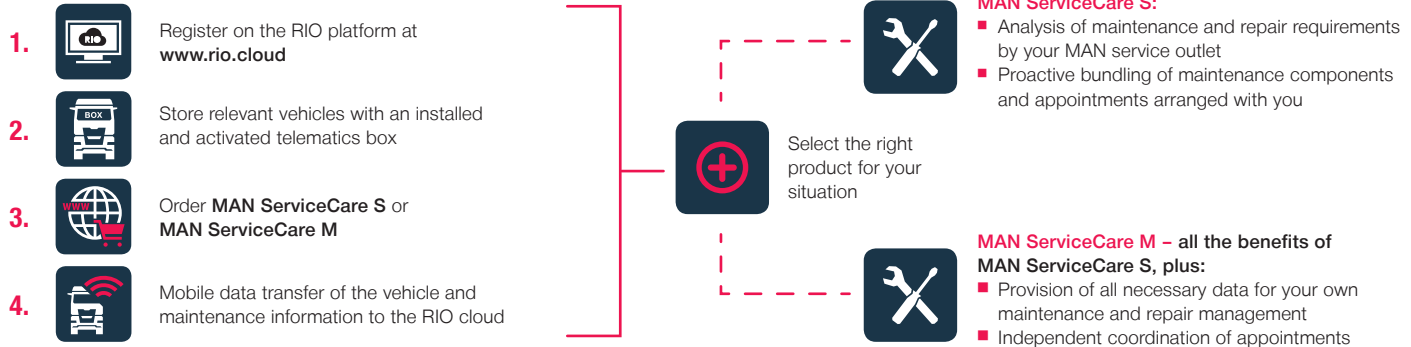

All the benefits of MAN ServiceCare S, plus:

- **Freedom of choice**, as you decide what maintenance or repairs you carry out yourself and what you have done by MAN
- **Clarity** thanks to detailed and individual monitoring options for vehicles and components
- **A high level of flexibility** thanks to the integration of vehicles from other manufacturers (FMS data)

THIS IS HOW IT WORKS – SO SIMPLE AND SIMPLY INGENUOUS.

How to increase the efficiency of your vehicle fleet in just a few steps.

The portfolio of MAN DigitalServices is integrated into the cloud-based RIO ecosystem. The MAN Marketplace on the RIO platform at www.man.eu/marketplace offers you access to the digital services that you can use via a suitable telematics box in your vehicle.
